Same stitch, two names

sc single crochet **dc** double crochet	**hdc** half double **htr** half treble	**dc** double crochet **tr** treble	**tr** treble **dtr** double treble	**dtr** double treble **trtr** triple treble

US name first, **UK name** below it. Each UK name is one step up from the US name for the same stitch.

Which terms does my pattern use?

- **Look for sc or hdc.** UK terms have no single crochet or half double crochet, so seeing either one means the pattern is in US terms.
- **Check where it was written.** Canadian patterns use US terms. Australian patterns use UK terms.
- **Gauge or tension?** US patterns say gauge, UK patterns say tension.
